The 2nd 50

at BEDFORD HIGH SCHOOL

BEDFORD, INDIANA

The 1962

Last year marked the fiftieth anniversary of the Pioneer: this year marks the beginning of the "second fifty." Many changes are in store for everyone at Bedford High School in the coming half century.

Bedford High School students have accomplished many outstanding things during the last fifty years. We have participated in many activities and events for which we have received many awards.

Let's hope that the coming half century proves to be as successful as the one just past.

PIONEER

A walk out! No. An important football pep session: held in front of the school early in the fall.

THE LOOK OF THINGS IN THE SECOND 50 . . .

As the Pioneer begins its "Second Fifty", many changes will be taking place. New changes in schools, and advancements in the field of education everywhere are being made.

Since the new junior high school will be used for the first time next year, there will be many empty rooms in our high school which must be put to good use; therefore, many things are under consideration, such as new courses, a new curriculum, and new equipment.

It is thought that these changes will be a big improvement over the present conditions.

Ray Conner, a senior this year at Bedford High School, is the first student to graduate from this school by means of the radio-telephone system. Ray, who was injured in a hunting accident, has been studying via the radio-telephone system for the past 3 years. The school is very proud of the courage, patience, and industry of our first "long distance" graduate.

Pretty Miss Dianne Foutaine, a senior, was crowned Homecoming Queen for the 1961 football season. Homecoming is one of the biggest annual events held at Bedford High School. There was a big parade uptown with floats, cars, and the

band. In the evening Bedford won the Homecoming football game; the score Bedford 12, Bloomington 7. To climax the "big day" the Student Council sponsored the Homecoming Dance, which was held at the Armory.

Rain, snow or sleet doesn't keep good BHS football fans at home, but it sure does make them uncomfortable! The Homecoming crowd was both damp and cold; still everyone enjoyed himself.

These senior students are assembled in the auditorium to receive the results from their PSAT tests. These tests will determine winners of college scholarships.

“THE BRAINS”

Sally Bullock, office secretary for the past 5½ years, is preparing academic notices to be mailed.

Throughout high school, students take many tests; tests to determine I.Q.'s, to measure scholarship ability, and to measure mental maturity. Regular tests are given throughout high school to establish grade levels. Forty-three students have maintained a B or above average throughout the last four years of school.

STUDENT COUNCIL OFFICERS

Working on the huge Christmas tree in the main hall are Julie Denny, treasurer; Bonnie Winslow, secretary; Vic Beretta, president; and Terry Blackwood, vice-president.

Sponsored by Mrs. Richardson, Student Council was established by Mr. W. F. Totten in 1941. The forerunners of this governing body were Boy Sponsors, established in 1924, and the Girls Council, established in 1926.

As a member of the National Association of Student Councils, Bedford High School's Student Council has the responsibility of administering student government. This group, composed of six representatives from each class, is in charge of conducting and tabulating the results of the class elections and the cheer leader elections. An industrious organization, Student Council has worked hard to build school spirit by promoting Color Day, on which everyone wears something red and white. They conduct the sale of used books and the slave auction. The profit from the slave auction was used to assist the school in the purchase of the student handbooks which were distributed this year.

The Student Council also sponsors the annual homecoming parade and dance and the election of homecoming queen.

Recognition of scholarship, leadership, character, and service is the aim of the National Honor Society. Juniors and seniors who have a scholastic average of 90 or above are eligible for membership. The faculty votes for these students on the basis of the other three qualities.

The organization has three main projects: the selection of a Student of the Month from each class; selection of a Student of the Year from the seniors who were made Students of the Month; and letters of congratulation sent to students achieving honor-roll status for each six weeks and for each semester.

Mary Ellen Matson, secretary, and Peter Phillips, president, of the National Honor Society are signing letters of commendation to students who have made the honor roll.

UNDERCLASS LEADERS

The underclass officers have been busy planning money-making projects to finance their junior and senior activities. The highlight of the sophomore year was the selecting and ordering of class rings, which will arrive early in the 1962 school year.

The freshman class has even fewer activities than

the sophomore class. The officers have been diligently trying to become oriented in the duties connected with the representation of their class. Both the sophomore and freshman officers have charge of collecting class dues, an important source of income.

The Bedford High School chapter of Key Club International, the first to be organized in Indiana, had its origin in 1945 under Mr. I. M. McFadden. Under the sponsorship of the local Kiwanis Club, the purpose of Key Club is to perform services to the school and the community.

Some of the worthwhile projects undertaken by the thirty members of Key Club have been the donation of baskets for the needy at Thanksgiving and Christmas, helping with the Heart Fund Drive, and the presentation of a \$25 Bond to the Senior Boy who has made the greatest contribution to the school and the community.

In addition to the annual Father-and-Son Banquet, each year Key Club holds two appreciation dances in honor of the basketball and football teams, at which the Most Valuable Player awards are presented. As a money raising project, the enterprising members of Key Club sell peanut brittle.

THE PIONEER

Fifty years ago, in 1911, "The Pioneer" was introduced to the students of Bedford High School. Through the years since, the annual has grown and has been improved with each year's book bettering the last.

With the opening of school each fall, "The Pioneer" staff begins its preparation for the year-book. At this time, new members join the staff, are assigned to their positions, and start their work on the annual.

To finance "The Pioneer", advertisements are sold and refreshment stands are maintained at all the home basketball games.

The staff members of "The Pioneer" work diligently throughout the year to make their year-book an inter-

THE STONE CITY STUDENT

"A Newspaper with Ideas and Ideals" truly describes Bedford High's school paper, "The Stone City Student". The "Student", which goes to press every two weeks, contains varied articles: editorials, sports stories, club news, personality profiles, humorous sketches, fashion news, and jokes.

The "Student" staff is made up of 28 industrious students who volunteer their time and talents to write the many stories and features that appear in each issue of the paper. These busy reporters meet each Monday following the publication of the paper to get their assignments and plan the next issue.

This year Miss Gratzner, who was editor of the "Student" in '57, is a co-sponsor of the staff along with Mrs. Endris, who has been sponsor since '57.

Bedford High School's dramatics club is Scarlet and Purple. Students who have a B average and would like to participate in the various activities of Scarlet and Purple may audition before an Audition Committee. This committee consists of the sponsor, Mr. Moon, and several of the active members.

This year the club gave a Christmas play, "Home for Christmas"; a spring play, "Old Doc"; and a pep session skit for the Bedford-Jeffersonville game. The spring play, a three-act Comedy-Drama by Jean Lee Latham, was presented March 22 and 23.

The officers of Scarlet and Purple are Adele Craig, president; John Lancaster, vice-president; and Becky Byers, secretary-treasurer.

Membership in the honorary dramatic society, Thespians, is the aim of most Scarlet and Purple members. Eligibility is determined by the number of points earned by participating in plays. The main activity of the club is the formal initiation of new members, and the troupe strives to advance the art by participation. Bedford High has had Troupe 609 for seventeen years. The current officers are Jerry Smith, president; Eileen Tirlow, vice-president; and Susie Denny, secretary-treasurer. The sponsor is Mr. Moon.

HAVE FUN TRY ACTING

THE CHRISTMAS PLAY

"Home for Christmas" by Lloyd C. Douglas, one of the most outstanding Christmas plays ever written, was the two-act holiday comedy given by Scarlet and Purple. The cast gave three performances—for the public on December 18, and for the high school and the junior high school on December 19.

The play tells the story of the Claytons, a family

scattered all around the country. Their old mother, living in the dilapidated family home, has a heart condition; and this could, possibly, be her last Christmas. One of the daughters forces the other two children to come home for Christmas. They turn back the clock to the time when they were young. All of them discover what Christmas should really be.

MUSIC TO OUR EARS

This year the Bedford High School Choir boasts about its fine membership record; this is one of the largest choirs Bedford has ever produced. Along with this large group comes fine music. The choir as well as the chorus has given many programs. Among

STRIKE UP THE BAND

The Bedford High School Band members have not had much time to catch their breath this year. In addition to playing for all home football and basketball games, they have marched in six parades. Five concerts were also on this year's agenda.

The band took part in the DePauw University and Indiana University Band Days. The seventy-eight

members were special guests of the Marching Hundred on another occasion.

Mr. Anderson says that this year's band is the best he has had in fourteen years of teaching. The band is also acclaimed as one of the up-and-coming bands in southern Indiana.

The Cutterettes march with the band at the home football games and in all the parades the band participates in. They also have special routines they per-

Both of the Majorettes are seniors this year. They perform along with the band. They also have special twirling routines.

BUSY YEAR FOR SCIENCE CLUBS

The Physics club, under the direction of Mr. Strange, and the Chemistry club, headed by Mr. Springer, have accomplished a great deal this year. Bedford High School's future physicists have undertaken the monumental task of building a mass spectrograph and have searched frantically for the necessary parts. They hope to have the spectrograph assembled by the end of the

year. The members of the Chemistry club had as their main project the identification of unknown solutions. The results of these and other experiments have been added to the science literature, models, and charts which constitute the newly formed science library. To be kept in the chemistry room, this library will be available for use by future chemistry students.

QUIET! GENIUSES AT WORK!

THE BIOLOGY CLUB

Biology Club, largest of the Science Club divisions, is composed of students interested in the life sciences, some of whom may become doctors, nurses, and veterinarians. One of the most informative and interesting activities of the year was the tour of Dunn Memorial Hospital, where the members of Biology Club saw such things as the pathological lab, the X-ray rooms, the minor surgery department, and the pharmaceutical supply room. The main project of the Biology Club has been the dissection of mammals. The specimens that were dissected include a cat, a dog, a pig, and an opossum. Many films pertaining to the life sciences were shown throughout the year.

INCISIONS. INCISIONS. INCISIONS!

Busy with a dissection are Sara Cameron, George Gable, Jim Williams, John Dixon, Jim Hensinger, and Carroll Ritter.

LATIN STILL LIVES

This year's Junior Classical League, consisting of approximately eighty members, has been quite active. They have held an initiation for the new members, are planning a Roman banquet, and had a guest speaker. Mr. Frank McKinney, Jr., a member of the 1960 Olympic swimming team, compared American and Russian Athletes and told about life in Rome.

THREE CHEERS FOR BEDFORD HIGH

Come victory or loss, approximately one-hundred and fifty girls are behind the basketball team all the way. The Pep Club is set off at the game by their white blouses. They also use red and white mittens to add to the effect. They sit together at the pep sessions and help the cheerleaders teach new yells. This group

traveled to the Bedford-Bloomington game and also to the Regional.

Not to be outdone by the girls is the cheering block for boys, Lettermen's Club. This group supports the yell group and cheerleaders. They also have a few unique yells of their own.

FUTURE PLOTTED IN

Career-minded girls who know that they want to become nurses are the members of the Future Nurses Club. The club is designed to show closer what nursing really is and how to prepare for it. The sponsor is Miss Cox and the advisor is Miss McPike. The meetings, held every two weeks, consist of business and films which picture the life of a nurse and her duties. Two parties have been held this year; the first was the Christmas party and the last was the spring party, which was really a farewell party for the seniors. Demonstrations of nursing techniques were also given during the year. The demonstrations inform the audience and train the one demonstrating. Members of the Future Teachers of America club are also planning for their futures. Many of the members attended the

fall, area, and spring conventions. Various films have been shown which presented school and teaching problems. One program was given over to the student teachers who talked to the club about teaching and the requirements for it. A coatcheck for the ballgames was operated during the year as a financial project. Practical experience was offered to the senior members through the Cadet Teaching program. This program placed the seniors in schools to observe teaching methods and to help teach. A panel of these seniors presented one program for a meeting by telling of their experiences in Cadet Teaching. A pitch-in supper at which the new officers were elected, closed the year's activities.

THE CAREER CLUBS

The Future Homemakers of America have been busy this past year. They have had a bake sale, visited the bakery, and visited the mortuary. These helpful activities have prepared them for their future lives. For pleasure they have held a Thanksgiving dance, a valentine party for the Fayetteville chapter, a Christmas party, and a mid-semester root beer blast. In addition

to all this, they also served at the Key Club luncheons and the County Coaches Banquet. Cheer was brought to hospital patients by the favors that they made and placed on their trays. All the activities are designed in this club to be of use in their later lives, besides being a lot of fun.

Several B.H.S. students participated in forensics this year. They competed at Terre Haute and Eastern, with Nanci Sears, Becky Byers, Sharon Brown, and Judi Burke as outstanding members of the team. The State Forensic League Sectional match was held here March 9. The team had five meets scheduled. Areas of forensics include radio, extemporaneous speaking, original oratory, and dramatic and humorous readings. Mr. Moon is sponsor of the Forensics team.

On the Debate team for the 1961-62 season were five members, who were all outstanding—Fred Goldsboro, Sharon Brown, Richard Wood, John Blair, and Judi Burke. The members competed at Terre Haute, Eastern, and the State Forensics League Sectional at Bedford. The topic for debate was: "Resolved, that the Federal government should equalize educational opportunities by means of grants to elementary and secondary schools." Mr. Moon, speech teacher, is the sponsor of the Debate Team.

Although the art club has been smaller this year than in the past, the group has remained avid and active. This industrious group, under the supervision of Mr. Spinks, has designed and built two beautiful floats. One represented their club in the homecoming parade, the other was for Santa Claus to ride in in the Junior Chamber of Commerce Christmas parade. Also this year the members of the art club enjoyed a trip to Evansville College where they attended an art exhibition.

Shown busily at work on the art club's homecoming float are, Tom Shields, Delpha Moore, Tona Glover, and Mary Underwood.

LIBRARIANS

Neither the student who rushes to the well-stocked school library to work on a research paper nor the student who slowly saunters into choose one of the many books for his own personal enjoyment realizes the work that the assistant librarians do. These busy people check the books out and return them to their proper places. They also do much of the processing of new books—stamping them with the school library stamp, pasting in book pockets and date-due labels, and shellacking them.

Each year since 1938, when the school first purchased a film projector, the student projectionists have been of great assistance to the head librarian in the presentation of the many films that are shown each year.

The work of these two groups, for which they receive part credit, has not only been appreciated by Mrs. Hauser, their sponsor and head librarian, but also by the entire faculty and student body of B.H.S.

TEEN BUSINESS AND SERVICE CLUB

Junior Achievement is an organization of boys and girls who, sponsored by several local businessmen, set up their own company, elect their own officers, and make and sell the products of their own choice. This year the products sold were Princess telephonettes, which were small replicas of telephones with a built-in pen holder; television lamps; and letter holders. This organization gives the boys and girls a chance to see how the business world operates before they actually take jobs.

Tri-Hi-Y was originally started at Bedford High by Miss Belva Newsom in 1924. It is a Christian club which is devoted to helping others to a higher Christian standard in their lives. The club sold the sectional corsages and pencils to finance its activities. Two in-club parties are the ones at Christmas and Valentine's Day; it sponsors for the whole school the Mother-Daughter Tea at the end of school. This year their entry in the Homecoming float contest came in third. Christmas caroling and the Easter program brought cheer to many persons.

CONVOCACTIONS

The convocations for Bedford High are of two types: paid and free. The paid programs are selected by the convocation chairman from the School Assembly Service from Chicago one year in advance. These are financed by a portion of the dues from each class. The free convocations are usually the religious and the choral ones. This year we had a full schedule of convocations. The first one was presented by Pepita Sarazena and Jose Luis Rodriguez. It consisted of Spanish dances and songs, which were played on the guitar by Angel Eiezhandino. The next program was given by Mr. Charles Gregory, who played many different types of songs on very odd musical instruments, including a saw. Then came the Thanksgiving convocation with the choir giving its first performance before the student body for this year. This was followed by a talk by Rev.

Stanley Hopper, pastor of the Presbyterian Church. At Christmas time, Scarlet and Purple presented the play "Home for Christmas." Next came a lecture on Asian affairs by Dr. Joseph Sutton, chairman of IU's Asian Studies Program. "Contrasts in Shakespeare" was the title of the next convocation which was presented by George McGlynn and Charles Golden. It showed scenes from Henry IV, Romeo and Juliet, and Julius Caesar. At sectional time we enjoyed the convocation presented by Mr. Dunbar, Mr. Brown, Mr. Johnson, and Mr. Barnes, who explained the rules and regulations of the IHSAA. Our last convocation was given by Orville Fitzgerald, a memory expert. He showed, through demonstrations and audience participation, how we could improve our memories. His program was titled "Mind in Action."

OURS TO WIN

A "great" season! Cutter Pigskinners posted an over-all 9-1 record for the 1961 football season. In four Southern Conference games the Cutters bowed only once. Tell City was the only team to mar the hometown score sheet. This is the fourth straight year for a Tell City win over the Cutters.

All in all the season was a highly successful one. Jim Montavon set the scoring pace with 15 touchdowns, and 4 points-after-touchdown for a total of 94 points. Gus Sipes was next with 8 touchdowns and 9 PAT's for a total of 63 points. Mike Loudermilk had 5 TD's and 5 PAT's; Jim Bellush had 3 TD's and 6 PAT's for 24 points.

AN EXCITING HARDWOOD SEASON

THE COACHING STAFF

ROBERT: Mr. Barker, Varsity; Mr. Johnson, Freshmen; Mr. Lee.

The Stonecutters carved out a fine 17-9 record for the over-all season during a year which saw a concentration of basketball talent in the South. Our boys seemed to have the knack of being right for the big games. During the Christmas holidays the Cutters took time out to bring home the school's first Terre Haute Invitational Tourney championship by virtue of a smashing victory over Jasper, a team that had thrashed Bedford by fourteen points to start the season. As it turned out only six teams managed to defeat the Cutters without absorbing a defeat in return—and those six left the floor knowing they had been in a game. It was just that kind of a team.

As Sectional time rolled around, the Stonecutters found themselves rated no better than third by most "experts". However, Mitchell fell to the red-and-white cagers by twenty-one points, and upset-minded Needmore was short by two. Then the Johnsonmen handed undefeated Tunnelton its first loss of the season and went on to demolish Shawswick for the Sectional title.

The following Saturday found the Cutters fighting for their lives in the Regional against Charlestown. The local cagers were up to the task and managed to slide by 19-17. However, a fine Seymour team put Bedford on the sidelines with a 59-49 victory in the championship tilt.

"Hey, Jim, it went in!" Gus Sipes lends Jim Edmonds a hand after he flipped in a basket before landing hard. Getting back on defense are Ralph Sanders, Jerry Snyder, and Gary Dickinson.

Ralph Sanders starts the home season off right by getting the tip to Jim Edmonds. Ralph monopolized these things all year.

STONECUTTERS--1961-62 EDITION

GUS SIPES—senior forward, played his third and final year. His clutch play gave the Cutters an edge in several games.

JOHN NOE—promising junior guard, gave a preview of things to come with a fine showing in the regional.

JIM MONTAVON—senior sparkplug, ignited the team with his determination and drive. From his slot in the offense "Buzzerard" became a real headache to opponents.

MIKE LOUDERMILK—a junior guard, will be back next year battling for a starting berth on the hardwood crew.

JERRY SNYDER—giant junior, proved to be a stalwart on the boards. The blond bomber is a real competitor and could become a great one.

RALPH SANDERS—senior pivotman, a threat from anywhere on the court. Ralph was an important cog in the Cutter machine.

JIM EDMONDS—graduating senior, slithered through opponents' defenses for over 300 points to lead the team in scoring. Received Most Valuable Player Award.

JIM WILSON—junior cornerman, will be back next season. As a "shorty" Jim would bring the front line average down to a measly 6'4".

ROGER KERN—tall junior, Rog has an uncanny eye for the basket, along with an ability to stand out in a crowd.

JIM BELLUSH—senior guard, transplanted his quarterbacking from the gridiron to the hardwood. His snappy passes and arching push shots were personal trademarks.

SEASONED WITH EXPERIENCE

The Junior Varsity, under the direction of Ernest Barnes, matched last year's fine record with twelve wins in eighteen games. The boys played with a coolness not usually associated with underclassmen. This points up the earnest effort the Little Cutters gave in practice throughout the season.

On Honor Day, a girl will receive a Block "B" for each 150 points that she has earned or an old English "B" for each 250 points. The points are earned by participation in both organized and unorganized sports. For each six weeks period, ten points are given for organized sports and five for unorganized ones.

FAREWELL SONG

Bedford High, we must bid farewell,

The halls we roamed, friends that we knew so well.

Through the years, we have come to know

We need our friends, and we will miss them so.

Can you all recall,

Things we used to do

Over rainbow's hues,

Parties and dances too.

Bonfire's light, Sayonara's dream,

As we look back, how great our memories seem. (tune of "Can't Help Falling in Love")

CLASS SONG

1, 2, 3, o'clock, 4 o'clock twist

5, 6, 7 o'clock, 8 o'clock twist

9, 10, 11 o'clock, 12 o'clock twist

May 24 we're gonna' leave this place,

"Whan that Aprille" to Miss Chase.

Snyder, Johnson, Moon, and Lee, pulled us through to victory.

Our teams are best in Bedford's history.

Clod Day now is laid to rest, so in black is how we dressed.

B. H. S. has a shelf of clocks, 'cause they cut off all the locks.

Teachers all, we bid adieu, to the halls patrolled by you.

Hartman's our father away from home,

The school thought we needn't roam.

Free periods—spent in session all alone!

(tune of "Rock Around the Clock")

JUNIOR ACTIVITIES

Without a doubt, the junior year is really hectic. In their effort to make this year's Junior-Senior Prom the best ever, the juniors have been busy making decorations and securing all the things necessary for a successful dance. In addition to the collection of class dues, this year the juniors published a school directory and held a junior benefit basketball game in order to raise money for the Prom. The efforts of the following people are largely responsible for the success of the junior class: Jimmy Chambers, Directory commit-

tee; Judy Tindal, Senior Activities committee; Judy Mellen and Sam Osborn, Prom-Theme and Decorations committee; Polly Davis, Orchestra and Furniture committee; Jerry Jackson, Junior Benefit Game; and Wanda Grubb, Foods committee.

Also playing a very important part in the junior activities are their sponsors: Miss Painter, Miss Gratzner, Miss Chase, Miss Williams, Mr. Snyder, and Mr. Hague, chief sponsor.

JUNIOR COMMITTEE CHAIRMEN

B. H. S. DIARY

SEPTEMBER 1: Dear Diary: How time flies! Although it doesn't seem possible, we are already at work on another year. Despite the groans from some, most of us are glad to settle down to school work and get into the swing of things once again.

SEPTEMBER 2: Talk about being on the ball! Our football team played their first game of the season today against the Martinsville Artesians, and won by a score of 21-6. It's a good beginning and we sure hope they can keep it up.

SEPTEMBER 6: Today we had the election of class officers for the 1961-1962 year. Gus Sipes was elected to head the senior class, along with Ralph Sanders, who was elected as vice president. The juniors chose Jerry Jackson and Jim Wilson as their leaders for the year.

SEPTEMBER 20: Miss Chase announced today that the 1961-62 Pioneer will be headed by Dianne Fountaine and Larry Smith as co-editors. It's sure to be bigger and better than ever as it starts the second 50 years of B.H.S.

SEPTEMBER 22: Freshmen and Juniors were given the Iowa tests today. Senior picture taking was finished today, also.

SEPTEMBER 29: Our varsity football players lost their first game of the season to the Tell City Marksmen tonight, 35-14. Our boys ended the season with a 9-1 record though, and we're really proud of them.

OCTOBER 6: Did you say "flying high"? This is what most of our juniors are doing today since they finally received their long awaited class rings. Although some of our seniors might not agree, most of us think they are pretty sharp!

OCTOBER 26: Two things happened this week which caused both smiles and also a few frowns to appear. The Madrigals were selected by Mr. Rumsey and are expected to be one of the best groups we've had for several years. Also, those little white cards appeared for the first time this year, and 19 of us were lucky enough to be heading the list with straight A's.

OCTOBER 26-27: Teacher's Association is in session, and the break in school is really welcome.

NOVEMBER 3: Rain, rain, go away! This is what we were all wishing for today. Our annual after school Homecoming Day Parade was canceled, but the rain failed to dampen our spirits at the game. Senior candidate, Dianne Fountaine, was crowned Homecoming queen and the choir float won first prize in the parade with their theme "Recipe for Victory". After we beat our northern rivals, Bloomington, everyone headed for the dance at the Armory.

NOVEMBER 11: Parents of the football players sponsored the annual football banquet and dance at Lincoln school today.

NOVEMBER 17: Although we hate to say it, the first basketball game of the season didn't turn out as well as the first football game. The Cutters lost to Jasper by a pretty wide margin.

NOVEMBER 18: During the Key Club Football Dance tonight Jim Montavon (better known as "Buzard") was given the award for most valuable player of the year. The Continentals provided the music for the evening and did a great job!

NOVEMBER 23-24: Thanksgiving is here again and with it come two days of school vacation. Rev. Hopper presented our Thanksgiving convocation.

DECEMBER 12: Bedford continued its tradition of having a slave auction once a year. This year's auction, headed by Randy Herr, brought the Student Council a total of \$65.00. Slaves are sure expensive!

DECEMBER 20: Very few lessons were done by the students of B.H.S. today. We were entertained by Scarlet and

Purple, serenaded by the choir, and at 3:30 dismissed for Christmas vacation.

DECEMBER 27: The Cutter varsity brought home another victory today when they won the Holiday Tourney at Terre Haute by beating Wiley and Jasper.

JANUARY 2: Back again! It seems that no sooner than we get off for vacation, it's time to start in again. Oh well, we'll just have to get used to it!

JANUARY 12: Junior Directories were distributed today to most of the high school and junior high.

JANUARY 20: We've made it to the half-way mark in the year and from now on the remaining days will seem shorter and shorter.

JANUARY 27: We're really proud of our B.H.S. choir. They won 16 first place awards at district contest today.

JANUARY 30: Pioneer sales ended today. I hope you all got yours ordered in time.

FEBRUARY 10: Today was the Winter Concert of the combined junior and senior high bands and the high school choir. They put a lot of hard work into it and it really showed up. The music was great.

FEBRUARY 16: Our last game of the regular season. We beat Martinsville (again?) and ended with a 12-8 record for the season.

FEBRUARY 17: The band isn't going to be out done by the choir when it comes to music. They won 12 firsts at district contest today.

FEBRUARY 21-24: We're goin' to Jeff!!! For the second year in a row, the Cutters have won the sectional title and are on the way to regionals. They took the hard road to this one and beat Mitchell, Needmore, Tunnelton, and Shawswick. We're really proud of them.

MARCH 1: Time is running short for the seniors of B.H.S. They were measured for caps and gowns today.

MARCH 3: Many Bedford fans journeyed to Jeff today to cheer the Cutters to victory. Although we won the afternoon game against Charlestown, the boys just couldn't get the spark they needed to lead them to victory against the Seymour Owls that night. Even if the score didn't show it, we knew we had the best team there! Right?

MARCH 5: Appreciation pep session was held today to show the team how wonderful we thought they were. And don't forget Coach Johnson—he's grea-a-a-t!

MARCH 9: The Asbury Men's Glee Club presented a musical convocation for us this morning. Everyone enjoyed it very much.

MARCH 19: This was a big day for the sophomores! They finally ordered their long awaited class rings. Before long they will officially be upperclassmen.

MARCH 22-23: Scarlet and Purple presented their annual spring play, a light comedy, entitled, "Old Doc". The cast did a wonderful job and those long hours of practice really showed up.

MARCH 23: By now, spring has officially arrived—so they say. It still seems pretty cold outside to us, but warm weather is just around the corner.

MARCH 24: Key Club Basketball Dance. The award for the most valuable senior player ???

APRIL 12-13: The Bedford High School Choir presented the operetta, "Brigadoon". Mr. Rumsey and all of B.H.S. should be proud of them for such a great job!

April 19: Finally—our first vacation in three months. Our annual Easter convocation was presented at 3:00 today.

APRIL 29: Spring Band Concert.

MAY 4: After all the hard work by the juniors, Prom night was wonderful!! Everyone enjoyed themselves very much.

MAY 11: Sectional Track Meet.

MAY 17: A good many of our students found out that hard work all year brings rewards at the end. Today was B.H.S. honor day.

MAY 18: Last day of work for our seniors. They can almost say it's finally over.

MAY 20: Baccalaureate.

MAY 24: Commencement. This was a long awaited day for the seniors. They received their diplomas amidst many tears and sad goodbyes. It doesn't seem possible that four years could have gone so fast, does it?

MAY 25: It's all over for another year, Dear Diary, but we will be back again next year to carry on the work of B.H.S.

JACKSON, KAY: Going to Columbus is fun for this future bookkeeper, that is if "Moon River" is playing on the radio. Stuck-up girls better leave this gal alone.

JACKSON, SUSAN: Susie will be happy as long as she is visiting Extroduded Alloy's. She also likes to listen to "Love

PROPHECY

It all started when the class of '62 decided not to be outdone by the scientists at Cape Canaveral. Dave Bell and Pete Phillips, aces of the Science Club, were authorized to orbit class president Gus Sipes. On the eve of graduation, with preparations completed, Gus was shot into the night for a quick trip around the earth.

Now—in 1992, 30 years behind schedule—Gus' ride came to an abrupt end in an open field. The farm's cook, Linda Wilson, spotted a frail aged man stumbling toward the house. She hailed the farm's operator, Dave Kenworthy, who was developing a hybrid money tree. Dave was anxious for Gus to see his old classmates, so they departed for Bedford immediately.

As Gus tours Bedford he decides to visit his old buddy, Dr. James Montavon, world known radiologist. As Gus steps into Jim's office he sinks deep into the plush red and white carpeting and gazes at the walls covered with thousands of pin-ups—former patients, of course. To Gus' disappointment he is informed that the winner of the Oscar for Actress of the Year, Miss Sondra "Queenie" Miller, is taking a rest at her summer home on Mars.

Millionaire John Miller has invested his money in a casino on the Moon with his trusty pals Gary McIntyre and Gary Oswald as managers.

Susan Payne, now married and president of the local Interplanetary Parent Teachers Association is entertaining some of the mothers in the neighborhood with tea and cookies—capsule form, of course. Her guests are the former Misses Patty Medley, Patti Mitchell, Delpha Moore, Jonna Myers, Gail Nickless, and Mary Orender.

Mary Ellen Matson is quietly resting in her Space Home after receiving much publicity as the first woman ever to orbit the earth.

Jeanne Manning has acquired fame as a concert pianist and is accepting many bookings in outer space.

Gus finds Ed Overton, nuclear physicist, madly trying to invent a Time Machine in his lab.

Robert Marsh, with the help of his able assistants, Jerome Owens and Mike Meadows, is working on the first plumbing installation on the Moon.

Gus now decides to visit good old B.H.S. Some of the teachers are still there but there are several new ones. Bernie Esarey, Becki Farrell, Naomi Glenn, and David Giovanoni are now on the staff at B.H.S. As Gus talks to his classmates he finds Sandi Enters, Dianne Fountaine, and Camille Godsey teaching at the new consolidated grade school. Cheryl Gardner is now the school secretary, Jim Edmonds the school doctor, and Gene Emerson is on the coaching staff.

There is quite a celebration going on: "The Continentals" have just made their fiftieth golden record with Johnny Fender as vocalist, and Gay George has just opened on Broadway in a new play.

Gus now strolls down the street to the new filling station owned by Bud Fields. Working at Bud's station are Ernie Finney, Steve Fish, and Don Foster. From these auto racing enthusiasts Gus learns that the winner of the 1992 500-Mile Race is that famous race car driver, Richard Baker. His chief mechanic is Roger Cathers. John Burks, now with the U. S. Air Force, flew in for the race on a supersonic Z-82.

Rita Beavers, newspaperwoman and author, recently wrote a new book entitled *Brenda Beyers, Grade School Teacher*.

Marsha Bridwell, the model everyone's been seeing on the covers of all the best magazines, has selected Sonya Bex as the Best Beautician of the Year.

Gus found Rick Armstrong, well-known as an educated bum, attending a game of the Indiana Warriors. Coach Jim Bellush presented former pro football star George Adams with a trophy for his years of service.

The twist is still with us, and Gene Ambler's records are really selling. On the more cultural side, the star of the San Francisco Ballet Company is our own Becky Byers.

Vic Beretta, lawyer for the chain of Larry Bennett Clothing Stores, has just won an important case concerning whether or not the chain had become a monopoly.

Two top-notch secretaries, Niki Armstrong and Janice Butler are employed by Tony Brown, chief executive of the Bow-Wow Dog Food Company. Their good friend, Sherry Bridges, is now a housewife.

Gus, deciding he needs a new car for the remainder of his journey, locates the Lincoln Motor Company, owned by Garry Cagle. He purchases a Super De-Luxe Travel-in-Comfort A-1 car designed by the famous engineer Carl Chaney. Gus then travels to Indianapolis, where he dines in the exotic Blue Room. Here he meets Sally Collins, with her escort Larry Cassidy, with whom he spends an enjoyable evening. After returning to his room he decides to watch the late show, which stars Susie Denny, Adele Craig, and Don Chasteen.

Reading the morning newspaper, Gus finds that Mike Conley, and Mike Dixon have just returned to earth after testing a new space ship designed by Gary Dickinson. Barbara Chastain, Janis Catozzi, and Teresa Decker have just returned from the annual Hair Dresser's Convention on Venus. Hope Carlsen is expected to return in a couple of days. She is making great progress with her Universal Educational program.

In the afternoon Gus has a highly important and secret conference with the world renowned scientist, Russell Chastain. He is announced by Joanne Colburn, private secretary. Gus' next stop takes him to the Eagan, Chasteen Specialty Store, owned by Don Eagan and Don Chasteen. David Colglazier and his secretary, Gail Chasteen, help them supervise their many chain stores all over the world.

Gus is surprised to find Benny Sampson heading the new garage in Bedford. The specialty of the garage is repair on the space cars which operate like a car in town, but fly like an airplane on the open highways. Working in his garage were Sherman Peed, Jim Pickens, and Loren Roberts.

Many of the teachers have changed during his long absence. Carolyn Sanders is teaching band in the modern new high school and Linda Roach is the new art instructor. Emily Peterson and Beverly Ray are school marms at the consolidated grade school for Lawrence County.

Tom Pinnick is appearing in Bedford with his famous dance band. Taking time from their business are Dennis Rainey, Steve Robbins, and Ricky Roll to hear this performance. Also attending the show are the secretaries from the Bedford City Schools. They are now Ruth Ann Porter, Sonja Quackenbush, Brenda Ritter, and Pat Riggs. Sandi Rytkenon takes time from her flourishing beauty shop business to attend it with them.

Being a guest speaker at a Kiwanis luncheon, Gus rediscovers many of his old friends. Ralph Sanders, now a prominent optometrist, is president of the club. Gus finds that Richard Wood has retired after having become a millionaire. He hears that Carol Sell has become a universally renowned veterinarian and that Dave Smith is now head of the art department at Indiana University.

As Gus was surveying the town, he also found that Sondra Wickersham, Sherrlyn Williams and Donna Todd were still quilling Leonard's. He discovered the super beauty salon owned by Tealitha Sego, Wilma Sons, Brenda Summers, Judy France and Agnes Thornton. It was no surprise to find that Dave Wagner, Ted Wolf and Steve Wohlfeld were running a successful research laboratory.

Jerry Smith, John Schreiber, and Jim Kirkman are playing in a combo at Jim Shelton's night club on 16th street. Linda Walls, Eileen Titlow, Diana Somers and Tom Wagoner are entertainers.

Hard at work mechanics on one of the space stations are Wayne Umphress, Jim Veal, Mike Stotts, Charlie Simmerman, Don Taylor, Tom Slinkard and Buddy Smith.

Larry Smith now owns a newspaper company where Joyce Wever is editor of the women's page and Jim Tirey and Lonnie Summers are sports editors.

Janice Sullivan now heads the public library.

As Gus reads the newspaper, published by Lynn Hyde, he discovers that Connie Kerr, director of an internationally famous charm school, has been voted the "Extrovert of the Year", and that Patty Howard was elected mayor of Bloomington.

He also noted that John Lancaster, president of a nationally renowned research firm, is suing Ralph Lowry, who owns the world's largest bubble-gum factory.

Gus read on and learned that Betty Lynn, Kay Jackson, and Peggy Hubbard were attending the League of Superior Secretaries' Convention in Los Angeles; Maxine Lapin, a fashion-setting dress designer, owns an exclusive dress shop; Susie Jackson, Karen Jenkins, and Sue Jamison are waitresses in a 112-lane bowling alley owned by Don McCart; Larry Kern and Garry Howell are the proprietors of a used car lot; Mike Klakamp is still evading the police in his hot rod; Mary Ellen Howell is a missionary in Africa; and Sari Hurd is the director of a school for mentally retarded children.

Ron Gould is head of a thriving enterprise—the manufacture of Ham radios. Important stockholders in the business are Larry Grogan and Bob Greenwell.

Bob Hansing is now chief mechanic at a local body repair shop.

As Gus' glance travels down the other side of the street, he sees Steve Guthrie's bicycle shop, which specializes in the Speed Demon Flyer. Denny Harrell has combined his head for business and his love of adventure in becoming the bookie in the local canoe races held in town every Saturday afternoon.

Ernie Hall and Charles Golden run a novelty shop which sells pottery designed by the well-known artist Erroll Hert. Randy Herr has developed a new promotion idea for his laundry—Martha Goodin models all the freshly washed clothes. Fred Goldsboro is trying to figure out a way for Rikki Hart to be the first woman president—he has studied these things for years. Loretta Hall is content being a piano teacher, although Dan Hackett, her oldest pupil, seems unable to graduate from his first grade book.

Gary Hilderbrand is president of a new automobile industry. The cars resemble the now extinct horse, having four feet which replace wheels. Top designer in this corporation is Don Hodges, and high salesman for last year was Judy Hillenberg.

TRAGEDY STRIKES B.H.S.

These scenes depict the tragedy and the drama created when the high school auditorium was enveloped in a \$200,000 fire May 9. The fire broke out about noon on that Wednesday and classes were not resumed until the following Friday.

Classrooms were abandoned, books were left open on desks, as clouds of smoke billowed from the auditorium roof. Firemen's hoses and ladders snaked over the building and grounds while volunteers helped clear the junior high and high school buildings of all valuable records.

When the blaze was extinguished the job of cleaning up and rebuilding was left to be done. Not only was the auditorium a near-complete loss, but a \$2500 organ and \$2,000 worth of new choir robes were destroyed in the costly blaze. (Aerial photo by Paul Kern; others, by Larry Smith.)
